

FIRST ANNUAL CLUB AWARDS!

May 7, 2009

China Care Foundation is proud to announce the first annual Club Awards. We created the Club Awards to honor clubs as well as individual students who have gone above and beyond to generate support for China Care. The devoted members of our student-run clubs have contributed considerably to China Care Foundation over the years - donating their time, effort and passion to help us provide loving care to so many children in need. These inaugural awards, given at the culmination of the 2008-2009 academic year, will become an annual tradition. We congratulate this year's winners on their hard-earned success and look forward to celebrating the dedication and commitment of many more in the years to come.

Congratulations 2008-2009 China Care Club Award Recipients!
