

Celebrate...

With gifts from China Care!

Winter, 2010 www.chinacare.org

Dear Friends,

This is China Care's first holiday catalog, and it is a project dear to my heart. I believe that giving the priceless gifts in this catalog to family and friends can make the holiday season more meaningful—and more peaceful.

We all know how frenetic the holidays can be, so I hope you will consider stepping away from the crowds and the hype to give gifts that last for a lifetime. Using this catalog you can give these precious gifts without venturing into a mall:

*** The gift of surgery or other specialized medical care for a child who otherwise would not survive.*

*** The gift of a loving nanny, who will sit by the bedside of a child recuperating from grueling medical treatments.*

*** The gift of a loving foster mom for children who need to recuperate longer at The China Care Home before they are given a clean bill of health.*

These gifts save lives. These gifts transform lives.

These gifts teach children who have no family to fight for them that they too can have a bright future.

These gifts help ensure that when the children are healed and finally find a family of their own they will be ready to receive love and will be able to give love in return.

These gifts encapsulate what we all hope our holidays can be—a time to reach out to those less fortunate and reach out meaningfully to friends and family.

Thank you for considering a new way to celebrate the holidays while helping China's most vulnerable children. However you choose to give this year, I wish you happy and peaceful holidays surrounded by loving friends and family.

My sincere thanks,

*Matt Dalio

Celebrate the Holidays

Celebrate the China Care Nannies

In the summer of 2010, nearly two dozen high school and college China Care Club members spent their summer volunteering in Beijing at The China Care Home. These young students were able to see first-hand the love and attention the China Care nannies shower on the infants and toddlers recovering at the home.

***"You should see this China Care home!
There are pristine cribs, beautiful clothes
and sheets, plentiful toys and the care only
equal to that of a mother-child."***

- Greenwich Academy Volunteer Meredith Schmidt-Fellner

"The attention that the nurses and nannies give to the children is absolutely incredible. I really admire their unconditional love and devotion."

– University of Pennsylvania Volunteer Kaytlena Stillman

Making Matthew Smile

Matthew (Min Fu) is our first child, and was welcomed into our home in August of 2007, when he was 11 months old. He is now nearly 4 years old and is the light of our lives. China Care provided the surgery to repair Matthew's cleft lip, and the surgery was an amazing success. China Care fed him with special bottles made for children with cleft lips that do not have proper suction capabilities. We owe his good health to your wonderful and caring program.

Matthew's speech is improving every day and he'll start kindergarten on time. He absolutely loves animals and recently asked if we could get a cow! He is enrolled in an accelerated gymnastics program and learned how to downhill ski this year. We cannot thank China Care enough for providing his early surgery and care. Thank you! ~ Melissa Toni

"There is honestly nothing as cute as a toothless baby smile. Even the babies who have cleft lip and palates have such beautiful smiles!"

- Greenwich Academy Volunteer Audrey Keller
